

ISSUP Newsletter: Issue 21

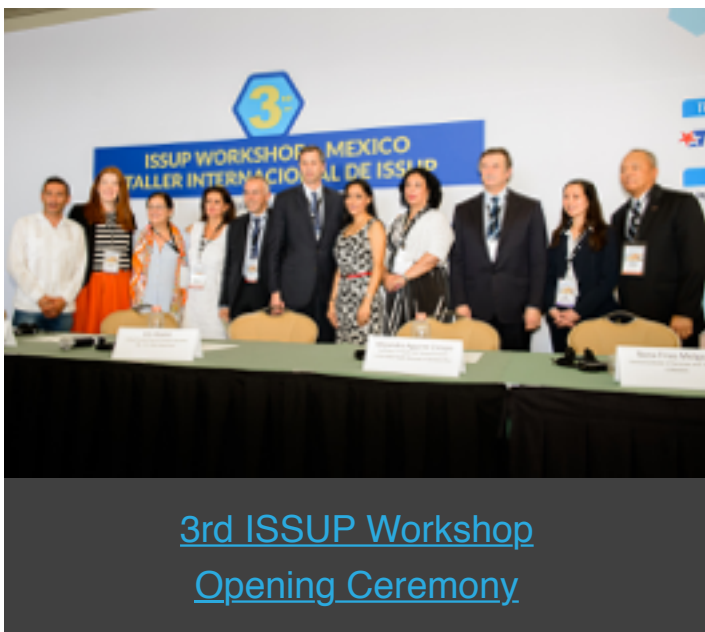

We would like to thank everyone who joined us for the **3rd ISSUP Workshop and 19th CIJ Congress** in Cancun last week. We were privileged to welcome **over 2,500 participants from 71 countries** and we would like to thank everyone for having made the effort to be with us in Cancun.

We are extremely pleased to have collaborated with our local partner CIJ and our international organising partners in this **important exchange of knowledge and best practices**. ISSUP coordinated training from a range of **international partners including inputs from Colombo Plan, UNODC, WHO, PAHO, CADCA and OAS/CICAD**. In addition to the training courses and open panels, a range of expert group meetings were held to discuss best practices and the latest methods in substance use prevention and treatment.

We would like to thank our local supporter **CONADIC for hosting a fantastic cultural event** on December 6th. We enjoyed an entertaining evening filled with folkloric dances, mariachis and delicious local cuisine.

Our workshop wouldn't have been possible without the energy, ideas and support of all our partners. **Thank you to everyone who supported this event, in particular our training and meeting partners.**
