## ISSUP Newsletter: Issue 23

We hope your new year is off to a good start. Here at ISSUP, we're busy planning for the year ahead. We're envisioning a **redesign of our website** with new features and exciting add-ons to make it more user-friendly and easier to navigate. We've also started planning **our next annual event**, so watch this space for further developments!

Did you know that you can peruse over **80 abstracts** of the research that was presented at last year's **Society for Prevention Research Annual Meeting on ISSUP's Knowledge Share**. Over the course of three days, more than 800 researchers, practitioners and policy-makers from around the world explored and exchanged new concepts, methods and results within the prevention and related public health fields. This year's [SPR Annual Meeting](#) will be held in **Washington, DC, May 29-June 1, 2018** at the Hyatt Regency Washington on Capitol Hill. This year's theme is "**Optimising the Relevance of Prevention Science to Systems.**" Don't miss this opportunity to meet and network with international researchers, policy-makers and practitioners!
