ISSUP Newsletter: Issue 25

A couple of weeks ago the ISSUP team met to **discuss new plans for the website**. Joined by Andrew Thompson from the U.S. Department of State's Bureau of International Narcotics and Law Enforcement Affairs (INL) it was a great opportunity to look forward to the **new features and functionality** that ISSUP will be able to offer members and visitors to the site. One of the exciting new aspects which will be developed is the way in which **ISSUP members will be able to interact with the knowledge and information shared on the site and also with each other**. Find out more about the developments by clicking the link below.
