## ISSUP Newsletter: Issue 30

In this edition of the ISSUP newsletter we are highlighting a range of resources exploring all ages and stages - from **pregnancy**, the experience of **young people** and the **impact of social media**, to **substance use and ageing**. Have a look below at the great resources.

We are also back with another **Student Membership Update** which offers our pick of fantastic PhD research opportunities, funding opportunities and events we think that our members who are progressing with their journey as students and researchers will appreciate.

We have information about **#PreventionWeek18** - lots of activities have been taking place so if you missed it this year then you should have lots of ideas of how you can observe the day in 2019!

In this edition we have included research on **tobacco and smoking cessation** in the run up to **World No Tobacco Day on 31st May 2018** and information on the **EMCDDA Drug Summer School** which will take place at the end of June.

# PREGNANCY & OPIOIDS

What families need to know about opioid misuse and treatment during pregnancy
