## ISSUP Newsletter: Issue 33

Welcome to our thirty-third edition of the ISSUP newsletter. This month has been one **full of conferences, meetings and events** for the ISSUP staff team and the demand reduction field. The **ISSUP staff team** met to discuss the latest developments of the **ISSUP Website** and the build-up to the annual **ISSUP Workshop** which will take place in December.

This week on 26th of June the observance of **World Drug Day** was also marked. The initiative led by the **United Nations Office on Drugs and Crime** had the theme "[Listen First](#)", which you can find out more about in our round up mentioned below. Also launched on this day was the **World Drug Report 2018** which you can read more about on our website and by clicking the images below.

At the beginning of the month, ISSUP attended the **Trainer Development Task Force Meeting** in Washington, D.C. where a number of experts met to discuss the development of a trainer recruitment and skills development model for healthcare professionals interested in or currently working in the substance use prevention or treatment fields. Read more [here](#).

Included in this newsletter is our **June Student Membership Update** with information about research and funding opportunities that we hope you will find **useful and interesting**.
