ISSUP Newsletter: Issue 34

Welcome to our thirty-fourth edition of the ISSUP newsletter. This month we have been working a lot behind the scenes on the development of this year's **ISSUP Workshop** taking place in **Kenya** in **December 2018**. Keep an eye on our website and social media for the latest details on this exciting event! Another highlight of this month has been the launch of several new ISSUP National Chapters. We are excited to announce that we now have **5 newly established National Chapters** in [Chile](#), [India](#), [Kenya](#), [Pakistan](#) and [South Africa](#).

In this newsletter we have included a selection of new articles from our **Knowledge Share** including a national report on the drug situation in **Lebanon** and an exploration of the **media influence** on public policy in **Kenya**. There is also a focus on **youth and drugs** with articles about the prevalence of **New Psychoactive Substance (NPS)** use in young people aged 11-16, **teenage vaping**, **tobacco use** and a new website that explores the **mental health impact of cannabis use**.
