ISSUP Newsletter: Issue 45

Welcome to our latest newsletter!

We have had a busy start to the year with preparations well underway for this year's conference. We are delighted to be partnering with UNODC to hold the **International Conference on Drug Prevention, Treatment and Care – Inspiration and Direction in Vienna, July 1-5, 2019. More details to follow!**

We were thrilled that so many dedicated individuals attended our [conference](#) in Kenya. We have started putting together a [gallery](#), including **photographs and videos, to document the week we spent together**. It was a great week of knowledge sharing, networking and uniting with friends from around the world.

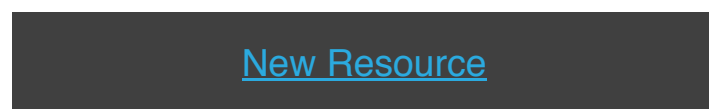

We would like to draw your attention to an exciting event and a fantastic opportunity to share your research initiatives. Our partner the [International Consortium of Universities for Drug Demand Reduction \(ICUDDR\)](#) is hosting its [4th Annual Conference in Cusco, Peru, July 22-23, 2019](#). The ICUDDR team is **currently accepting proposals for presentations**. We would encourage all those who have research and ideas to get involved. ICUDDR ran some **excellent training sessions** during our week in Nairobi and have produced a selection of [videos](#) of the presentations that were delivered.

We hope you all have had a pleasant start to the year and stay in touch for more ISSUP updates!
