ISSUP Newsletter - Issue 56

Today is the International Day Against Drug Abuse and Illicit Trafficking, also known as 'World Drug Day'!

This year's theme, [*Health for Justice. Justice for Health*](#), emphasises the need for a collaborative systemic approach that responds to drug problems with integrated solutions, in line with the international drug control conventions, human rights obligations and the Sustainable Development Goals.

UNODC encourages individuals, non-profit organisations, the private sector and Member States to get involved in its social media campaign to mark this day and invites them to draw on the resources provided in the [social media campaign package](#).
