October 13, 2021

Mr. Troy Clarke
President/CEO
National Lead Institute
Freeport, Bahamas

Dear Sir,

The Jack Hayward Senior High School is determined to reach all students and mold them to become productive citizens. The session held with the Lead Institute, my school administrators, and various stakeholders on September 28, 2021, was enlightening. It is evident that Lead Institute has intervention programmes and training opportunities that would be beneficial to staff members and students who present consistent deviant behaviour.

Subsequently, I request that Lead Institute provide needed training and intervention as an expansion of our efforts at the school. We look forward to such collaboration as we seek to achieve school and national goals.

Your support is anticipated.

Sincerely,

Bronwen Smith (Mrs.)
Principal
