

ISSUP Newsletter - Issue 133: September 21, 2022

[View this email in your browser](#)

We hope you enjoy this edition of the ISSUP newsletter. Scroll down for the latest news from the National Chapter network, the latest Prevention Nugget from our friends at APSI, and upcoming events including a special Recovery Month webinar from ISSUP South Africa.

Welcome ISSUP Malaysia!

We are thrilled to welcome ISSUP Malaysia into the National Chapter network. The new Chapter will be hosted by the Organisation for Addiction Prevention, Treatment and Recovery (OAPTAR) – a non-profit non-governmental organisation based in Kuching, Sarawak, Malaysia. Read more about this exciting development: [ISSUP](#)

Special Recovery Month Webinar

Don't miss ISSUP South Africa's upcoming Webinar on defining recovery in terms of abstinence-based treatment and opioid substitution therapy. We are thrilled to host presentations by Dr. Ed Day, Dr. Andrew Scheibe and Subendran Naidu giving insights into different intervention avenues and the place of harm reduction and abstinence in the continuum of care for SUD. Register here: [ISSUP](#)

Recovery is Possible:

Defining Recovery in terms of abstinence-based treatment and Opioid substitution therapy

Speakers

Dr. Ed Day

Associate Professor in Psychiatry and Honorary Consultant Psychiatrist, Institute for Mental Health, University of Birmingham

Dr Andrew Scheibe

Medical doctor working harm reduction research, programmes and policy in South Africa
Researcher, Department of Family Medicine, University of Pretoria

Subendran Naidu

Social worker in private practice specialising in grief, bereavement, addictions, trauma and palliative care counselling

Monday, 26 September 2022

2:00PM South Africa | 1:00PM UK

Psychoactive Substances and the Developing Brain

Recent research on the brain is showing how the use of nicotine, alcohol, cannabis, and other psychoactive substances can impact the developing brains of children. This new Prevention Nugget from APSI contains lots of useful resources to help us build the case for prevention. Read it here: [APSI](#)
