

HUMANITARIAN DRUG POLICY THE ROME CONSENSUS 2.0 AS A PRAGMATIC TOOL OF ADVOCACY TO IMPLEMENT UNIVERSAL HEALTH COVERAGE

Join the discussion on the future of drug policy at the CND 66th event!

Discover how the Rome Consensus 2.0 can help achieve universal health coverage and address drug problems from a humanitarian approach. Join experts, practitioners, activists, and beneficiaries to learn effective strategies to reduce the suffering and stigmatization of people with drug disorders. Key topics include removing legal barriers to accessing care, including harm reduction services in universal health coverage, and funding for peer-led organizations and marginalized communities.

Take advantage of the opportunity to explore human and evidence-based solutions and make a difference!
