WELCOME MESSAGE

On behalf of the organizing committee, it is our great pleasure to welcome you to the Psychiatric Congress

"No Health Without Mental Health: From Slogan to Implementation"

We are honored to bring together distinguished experts, clinicians, researchers, policymakers, and mental health advocates from across the region and around the world.

This congress is built on a powerful truth: that mental health is not a luxury, but a foundation for individual well-being, social stability, and sustainable development. Moving from slogan to implementation reflects our collective responsibility to translate knowledge into action, research into practice, and policy into real change that touches lives.

Over the coming days, we will explore innovative research, evidence-based treatments, integrated care models, and forward-looking policies that aim to close the gap between intention and impact. Most importantly, this congress provides a platform for collaboration, dialogue, and shared commitment to advancing mental health services and reducing stigma in our communities.

We are confident that your active participation will enrich discussions, inspire new ideas, and strengthen partnerships that continue well beyond this meeting. Together, let us transform this message into measurable outcomes and lasting progress.

We wish you a productive, inspiring, and memorable congress in our beloved country, EGYPT.

Congress President

PROF. HISHAM RAMY

Director of Okasha Institute of Psychiatry
Faculty of Medicine, Ain Shams University

Congress Committees
